

Bamboo Veneers & Boards

Bamboo is a highly sustainable material which grows quickly and requires no fertilisers or pesticides to thrive.

- Ideal for furniture and kitchen counters.
- Ecological and Sustainable material.
- Easy to apply treatments to.
- Suitable for Interior and Exterior use.

Thickness: 5mm, 7mm, 12mm, 20mm, 40mm.

Colour: Caramel, Natural, Tiger.

Composition: Side-Pressed.

*7mm, 12mm & 20mm are 3-ply and 40mm is 5-ply

Eco-Friendly & Sustainable.

Design - Friendly.

Durable, Impact resistant.

Laser engravable.

CNC compatible.

Suitable for Painting, Staining and Varnishing.

The bamboo veneers are manufactured with a formaldehyde-based resin and compressed to form the board. No other materials, glues or additives are added. The bamboo boards are natural and untreated and can be stained, oiled or varnished.

Board Specifications:

- Density : +/- 700 kg/m³
- Toplayer thickness / Wear layer: 3,5-5 mm 1)
- Shrink/Swellbamboo: 0.14% per 1% change in Moisture Content
- EquilibriumMC: 10% at 20°C and 65% rel. Air Humidity 8% at 20°C and 50% rel. Air Humidity
- Resistanceto Indentation – Brinell Hardness: ³ 4 kg/mm²
- Reactionto fire: Class D-s1-d0 2) (EN 13501-1)
- Formaldehydeemission: Class E1 (< 0.124 mg/m³, EN 717-1) / Class E0 (< 0.025 mg/m³) 3)
- Modulusof Elasticity: 4530 N/mm² (40mm) 4) (mean value – EN 789)
- Glue:D3 water resistant
- CO2 neutral: LCA report TU Delft (ISO 14040/44)

Disclaimer: Please note that some bowing may occur on these boards due to way in which the material responds to atmospheric changes and variations in the material from batch to batch. The colour of the boards can also vary slightly from batch to batch.

BAMBOO VENEER PANEL SIDE PRESSED 5MM

- Single-Ply
- Natural & Caramel
- Recommended for cabinet making, crafts, wall covering.

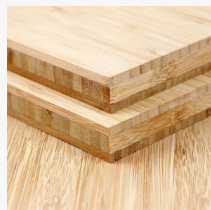

BAMBOO PLY-BOARD PANEL SIDE PRESSED 7MM

- 3-Ply
- Natural & Caramel
- Recommended for upcycling and making furniture

BAMBOO PLY-BOARD PANEL SIDE PRESSED 12MM

- 3-Ply
- Natural & Caramel
- Recommended for furniture manufacturing and shop-fitting.

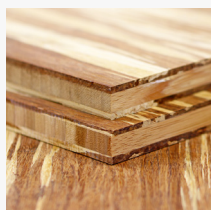

BAMBOO PLY-BOARD PANEL SIDE PRESSED 20MM

- 3-Ply
- Natural & Caramel
- Recommended for furniture manufacturing and kitchen fit-outs.

BAMBOO PLY-BOARD PANEL SIDE PRESSED 40MM

- 5-Ply
- Natural & Caramel
- Recommended for kitchen counters and bar tops.

BAMBOO PLY-BOARD PANEL HIGH DENSITY 20MM

- 3-Ply
- Tiger
- Recommended for furniture manufacturing and kitchen fit-outs.
